

Features:

- Luminous efficiency over 88%, Power factor over 95%.
- Easy to remove from end-cap.
- Simply to merge with self-contained battery back up.
- Passed over 3,000V high voltage test.

Model	LT01-0812
Power Consumption	10W / 18W
Light Source	3014 LED
Chip Qty	~100pcs <small>***SMD are available</small>
Rendering Index (Ra)	> 75
Beam Angle	180°
Material	Aluminum + Frosted PC Cover
Color Range	3000K / 4000K / 6000K
Operation Temperature	-20C° to +50C°
Size	1,198mm (1,212mm x 26mm)
Transformer	Internal Driver
Voltage Input	90 ~ 250VAC / 50-60HZ
Voltage Output	38 - 40VDC / 0.3 - 0.5A
Base	G13

*****Options will be available upon request**
